

## Stainless Steel Series

Our Stainless Steel Series offers a more elegant, modern style, with rounded corners on the roller hangers, round lag bolt cover caps, and a #4 brushed finish. Major components are made from solid stainless steel – not plated – for superior durability. Our stainless steel hardware can even be used in areas that are exposed to moisture.

Stainless Steel hardware set

- Hardware sets to fit 1 1/8", 1 1/4", and 2 1/4" thick doors
- solid steel with #4 brushed finish
- Rounded strap or top mount hangers
- 6 track lengths from 4' to 8'
- Custom-cut tracks available up to 16'
- Glass door hardware available
- 2- and 4-door bypass systems available
- Matching door pulls available

## Hidden Roller Series

With our Hidden Roller Series barn door hardware, your door almost appears to float in midair! The secret is our new roller hanger design that mounts out-of-sight on the back of the door. With no visible mounting straps or rollers, all you see from typical viewing angles is the exposed half of the track, for a clean, contemporary style.

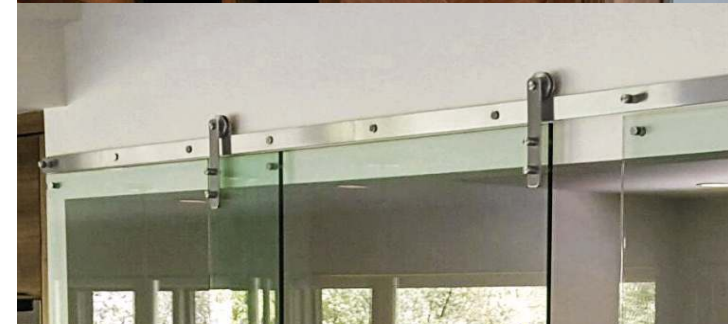

Single Roller hardware set

Double Roller Hanger

- Works with most solid or hollow-core door styles at least 1" thick.
- Requires less clearance below the ceiling or soffit than conventional barn door hardware.
- Made with DuPont™ Delrin® acetal resin rollers for smooth, reliable performance.
- Available in black, silver metallic, or arch bronze powder coat finishes.
- Fits our MP Series track, sold separately.

## Barn Door Edge Wrap

- Turns almost any wood or other materials into a finished barn door
- Adds rigidity to reduce warping
- Hides and protects door edges
- 16 powder coat colors available
- Sizes for doors from 3/4" up to 2 1/4" thick
- Sold in 4 common sizes up to 8'0" x 8'0"
- Easy to cut to a custom size
- Pre-cut custom sizes available
- Kits for curved doors available

Also available  
for shutters and  
curved doors

### Display Series Hardware (not movable once installed)

### Barnfold™ by Goldberg Brothers the original folding barn door hardware

Since 1897, Goldberg Brothers has been one of the leading specialty hardware manufacturers in the western United States. You can find Goldberg Brothers barn door hardware at millwork and building supply stores across the USA, Canada, and the Caribbean Islands.

## Standard Series

## Shutter Series

## MP Series

Our flagship Standard Series barn door hardware sets are built to last and are strong enough for most heavy, solid wood doors. Their simple, industrial design adds charm to any decor. Our Standard Series hardware can be customized to fit most doorways in multiple configurations.

Our Shutter Series barn door hardware allows you to use shutters as interior window coverings. It can also add style and functionality to kitchen cabinets, pantry doors, entertainment centers, bathroom cabinets, and more.

Our MP Series barn door hardware is ideal for construction and remodeling projects in apartment complexes, hotels and office buildings. Or use it anywhere cost is a concern and customization options are less of a priority.
